Bar Hill Fête & Festival

Part of the Bar Hill Community Association (Registered Charity 1195382)

Hi Everyone,

Another year on and another Fete & Festival planned and ready to go!

This is the current Committee's fourth year of running the Fete & Festival and we hope this is the biggest and best so far.

The aim of the Fete & Festival is to have a day that residents from Bar Hill and surrounding areas can come together to support local businesses, charities and community groups, have a natter and maybe a drink or two to water down the delicious food on offer. There's plenty of fabulous bands throughout the day and evening to have a little boogie to as well - what more could you want?

To join us this year please head down to the village hall and village Church from 2pm on Saturday 13th July.

I'd like to say a massive THANK YOU to the small group of individuals who have made this year's event possible - there's always room for help so if you'd like to be involved next year please contact us at **volunteering@barhill-ca.org**. Thank you also to the stalls, vendors and bands that will be at the Fete & Festival this year - we hope you enjoy it. A thank you also to the volunteers who ensure the stage runs smoothly and to the resident Fete & Festival DJ, Shakey, for his help and support. We'd also like to thank all our sponsors who make the event possible, especially in these tough financial times. You'll see adverts for our sponsors throughout this programme. Finally, thanks to you for turning up! Without your continued support we wouldn't have a Fete & Festival to run.

The Fete & Festival is almost as old as the village itself and we hope it's a tradition we can keep going for many years to come - and maybe one year we'll actually get a sunny day too!

Well done and 'congratulations' to our colouring competition winner Charlotte (age 8) whose picture adorns our front cover, and to the runners up whose picture are on the back.

We hope you have a great day and enjoy yourselves loads

Kind regards

Kate Bennett (Chair) on behalf of the whole Fete & Festival Committee.

Please donate for next year's Fête & Festival. Thank you!

MARK LEVITT STAGE

BAR HILL VILLAGE FETE & FESTIVAL

Simon Day Singer and Guitarist

Simon grew up in Cambridge with an eclectic musical upbringing which is reflected in his performances. From pubs to wedding venues, festivals to corporate events; armed with a guitar and a big voice, he covers a high energy repertoire that spans pop, soul, rock and indie on a one-man mission to get people singing, dancing and enjoying themselves.

Glamtastic

Formed 18 years ago and well known around St Ives, Huntingdon, Cambridge and beyond. Mainly playing ‘glam rock’ from the 1970s including Sweet, Slade, TRex, Bowie and many more. Guaranteed to get you singing and dancing and having a laugh. They’re gorgeous to look at, too.

2024

The Riffugees

The Riffugees are a highly experienced four piece band with dual guitar and harmony vocals, with all band members adding backing vocals to enhance songs. The twin guitarists have played together for over 20 years and frequently trade licks and harmonise throughout songs.

All the band members play in multiple groups and come together to play great music and have fun in The Riffugees, which you will see on stage during their performance. We are a highly experienced band delivering quality songs from the Classic, Blues and Southern rock genres. We cover great songs from ZZ Top, Lynyrd Skynyrd, Eric Clapton, Status Quo, Chris Rea, Dire Straits, Free, Thin Lizzy, Blue Oyster Cult, Pink Floyd, Rolling Stones, Tom Petty and more!

Plenty of big songs to get you singing and dancing in the streets! Take a trip down memory land and join us for some of the best music from the 60's, 70's & 80's.

Music Starts at 4 pm

Cambridge REMAP

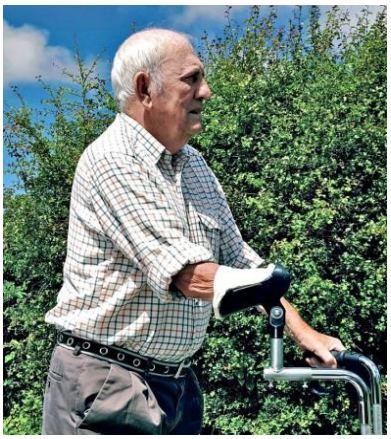
Helping people with disabilities to live more independent lives.

What is REMAP? 'REMAP' stands for: Rehabilitation Engineering Movement Advisory Panels. Let's elaborate…

What does REMAP do?

- REMAP volunteers design and make bespoke equipment for people with a disability
- We custom-make equipment where nothing is commercially available
- We help anyone from babies to the very elderly, with simple to complex needs.

REMAP can make equipment to facilitate all areas of life, including Mobility, Personal Care, Hobbies, Communications and Sports. Here are a couple of examples:



Eilian needs to use a three-wheeled rollator to get about but having an amputation meant he could not use one safely with one hand. A 3D printed solution got him on the road again.

Linda is a singing and piano teacher who lost the ability to support her wrist at the keyboard. Her Occupational Therapist, Heidi, asked REMAP to make a wrist support. This has enabled her to get back to work and enjoying music.

Who can get help from REMAP?

- Anyone who is struggling with a physical task due to a disability.
- Each piece of equipment is custom-made to suit the specific needs of one individual, because everyone's needs are different.
- REMAP engineers often work with health professionals, such as Occupational Therapists, to make sure that the equipment provided meets the specific needs of the individual.
- Carers and individuals can contact REMAP directly; the referral doesn't have to come from a heath professional. Just get in touch for yourself.

Does REMAP charge?

- No! This service is provided free of charge
- We undertake fundraising to cover expenses such as materials to make the equipment and mileage costs
- REMAP also receives donations from people we have helped, and others.

How can I get help from REMAP?

- Contact REMAP (details below).
- One of our volunteers will get in touch, to visit, and assess the problem.
- The Engineer will develop a solution, in consultation with the client, the referrer (if different) and other engineers (if required).
- A referral doesn't always result in a project. We don't make equipment if something already exists which does the job. Sometimes REMAP just helps to identify an existing piece of equipment which meets the need. An existing piece of equipment can also be modified in order to make it fit for purpose, rather than starting from scratch.
